

My Duplo is indicating “Master Set error”  
or “Unauthorized Master roll”. What should I do?

**Solution: Remove the remained master in the master feed section and reset master roll properly .**

Step #1: press “push” and slide the scanner unit away from you.

Step# 2 Press the “master cover release lever”  
-The master cover will open up.

Step #3: Lift out your existing master roll.

Step# 4: Insert the “master roll”
